

SUCCESS project training in Dresden, Germany

Student registration for participation in the second event of [SUCCESS project](#) Two training programmes will take place – *English for Engineers* and *Career Panel*- in Dresden (Germany) from February 20th to February 24th, 2023.

Description of activities:

- *English for Engineers* – the training program tends to improve the communication skills and English language knowledge of the participants, allowing students to communicate more confidently with future colleagues and clients. The main aim of this event is to enable the participants to develop the specialized language that they might need in their everyday and working life.
- *Career Panel* – the training program is designed to represent the interaction between potential employees and employers. Participants will have the opportunity to practice their networking skills and prepare for job interviews. Students will be able to assess the future of their chosen field of study. During the training, employers will share information that will help participants prepare for the challenges of working life.

10 students (5 for each activity) will be selected to participate in the training activities. Before applying, students should evaluate in which training cycle they want to participate – *English for Engineers* or *Career Panel*. It should be noted that the participants' accommodation and travel costs will be covered by the project funds.
