#### Resumen:

#### Descripción:

This summer, the University of Almería (<http://ual.es/>) hosts a two-week startup Academy focused on Entrepreneurship in Simulations, Virtual and Augmented Reality.

I would be grateful if you could forward this message to interested students and other relevant stakeholders.

The academy will run from 4 July to 15 July 2016.

Eligible for attendance are students coming from EU-universities (and affiliated H2020 countries). The students will get:

- Free accommodation and meals
- Up to 100,00 EUR reimbursement of travel expenses to reach Almería
- Chance to win funding for their start-up idea

During the Academy, students will team-up with each other and will learn about:

- Simulations, Virtual and Augmented Reality: Key challenges and market trends
- Hot technologies and emerging tools
- Entrepreneurship fundamentals
- Opportunity recognition and evaluation
- Basic Accounting & Finance management principles
- Marketing Fundamentals
- Business Planning

The best 3 teams, together with the best 3 teams of the other 2016 STARTIFY7 Summer Academies, will participate in a dedicated Boot-Camp in Brussels in October 2016 and pitch in front of an investor panel. The application process is now open at:

<https://www.f6s.com/startifyacademyonsimulations/apply> and will close by 20th May.
